

Chemora

Where Atoms Come Alive

Presented by:
AARAV Mehta

1 An Alkali metal																	118 Cn Unknown										
38 Sr Alkaline earth	39 Y Transition metal	40 Zr Transition metal	41 Nb Transition metal	42 Mo Transition metal	43 Tc Transition metal	44 Ru Transition metal	45 Rh Transition metal	46 Pd Transition metal	47 Ag Transition metal	48 Cd Transition metal	49 In Post-transition metal	50 Sn Transition metal	51 Sb Metalloid	52 Te Metalloid	53 I Halogen	54 Xe Noble gas											
87 Rb Alkali metal	88 Sr Alkaline earth	89 Y Transition metal	90 Zr Transition metal	91 Nb Transition metal	92 Mo Transition metal	93 Tc Transition metal	94 Ru Transition metal	95 Rh Transition metal	96 Pd Transition metal	97 Ag Transition metal	98 Cd Transition metal	99 In Post-transition metal	100 Sn Transition metal	101 Sb Metalloid	102 Te Metalloid	103 I Halogen	104 Xe Noble gas										
133 Fr Alkali metal	134 Ra Alkaline earth	135 Ac Actinoid	136 Th Actinoid	137 Pa Actinoid	138 U Actinoid	139 Np Actinoid	140 Pu Actinoid	141 Am Actinoid	142 Cm Actinoid	143 Bk Actinoid	144 Cf Actinoid	145 Es Actinoid	146 Fm Actinoid	147 Mn Actinoid	148 Yb Lanthanoid	149 Lu Lanthanoid											
185 At Halogen	186 Po Metalloid	187 Bi Post-transition metal	188 Po Metalloid	189 At Halogen	190 Tl Post-transition metal	191 Pb Post-transition metal	192 Bi Post-transition metal	193 Po Metalloid	194 At Halogen	195 Rn Noble gas	196 Fr Alkali metal	197 Ra Alkaline earth	198 Ac Actinoid	199 Th Actinoid	200 Pa Actinoid	201 U Actinoid	202 Np Actinoid	203 Pu Actinoid	204 Am Actinoid	205 Cm Actinoid	206 Bk Actinoid	207 Cf Actinoid	208 Es Actinoid	209 Fm Actinoid	210 Mn Actinoid	211 Yb Lanthanoid	212 Lu Lanthanoid
261 Uu Unknown	262 Uu Unknown	263 Uu Unknown	264 Uu Unknown	265 Uu Unknown	266 Uu Unknown	267 Uu Unknown	268 Uu Unknown	269 Uu Unknown	270 Uu Unknown	271 Uu Unknown	272 Uu Unknown	273 Uu Unknown	274 Uu Unknown	275 Uu Unknown	276 Uu Unknown	277 Uu Unknown	278 Uu Unknown	279 Uu Unknown	280 Uu Unknown	281 Uu Unknown	282 Uu Unknown	283 Uu Unknown	284 Uu Unknown				

The Problem

LIMITED LABS

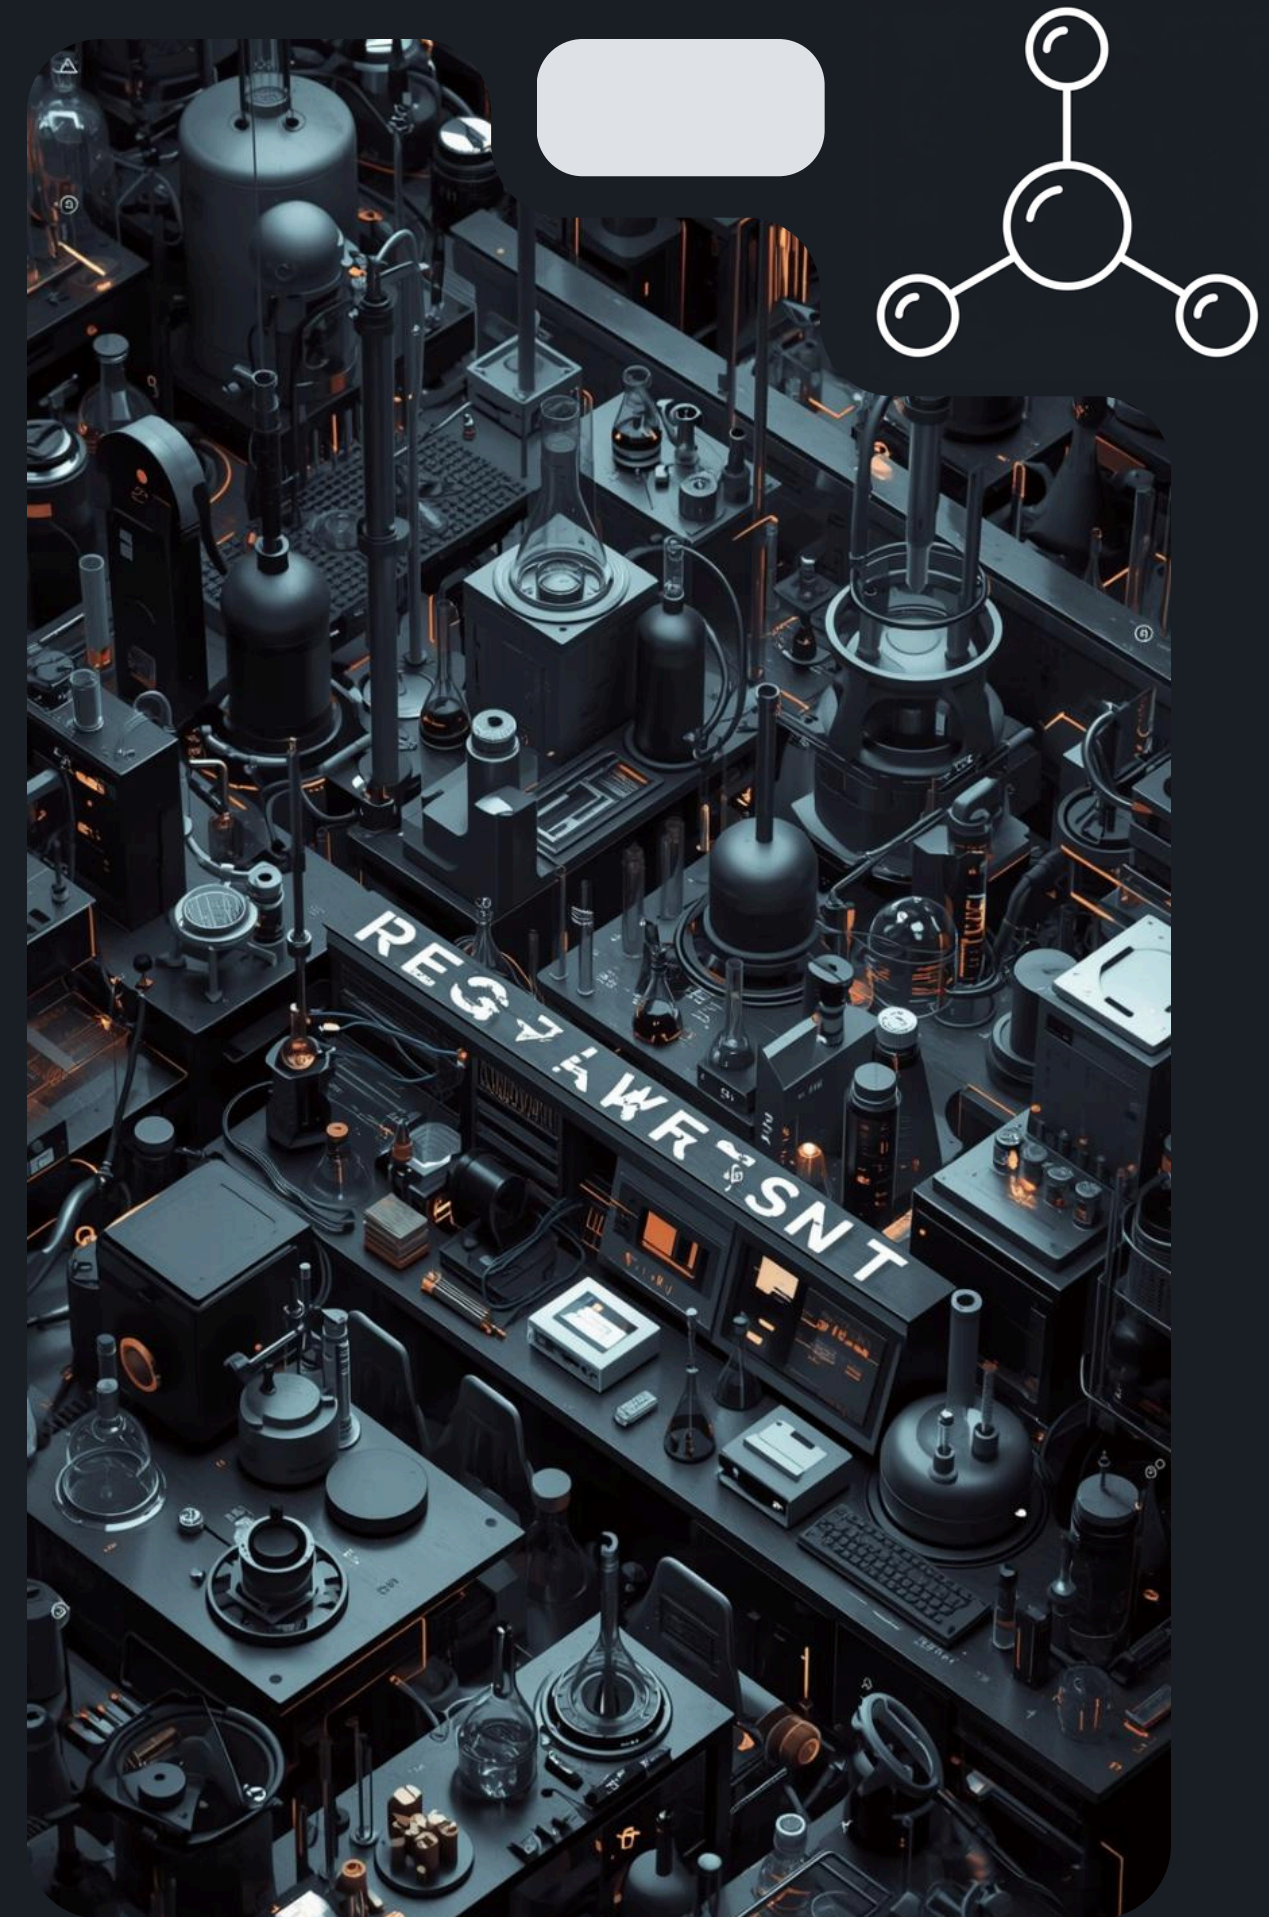

Many schools **lack advanced laboratory infrastructure**, restricting hands-on experimentation and **limiting students'** practical scientific exposure and curiosity.

SAFETY RISKS

Handling chemicals, high temperatures, and equipment creates potential hazards, making **experimentation risky**

HIGH COSTS

Building and maintaining physical laboratories requires **significant investment** in equipment & safety systems

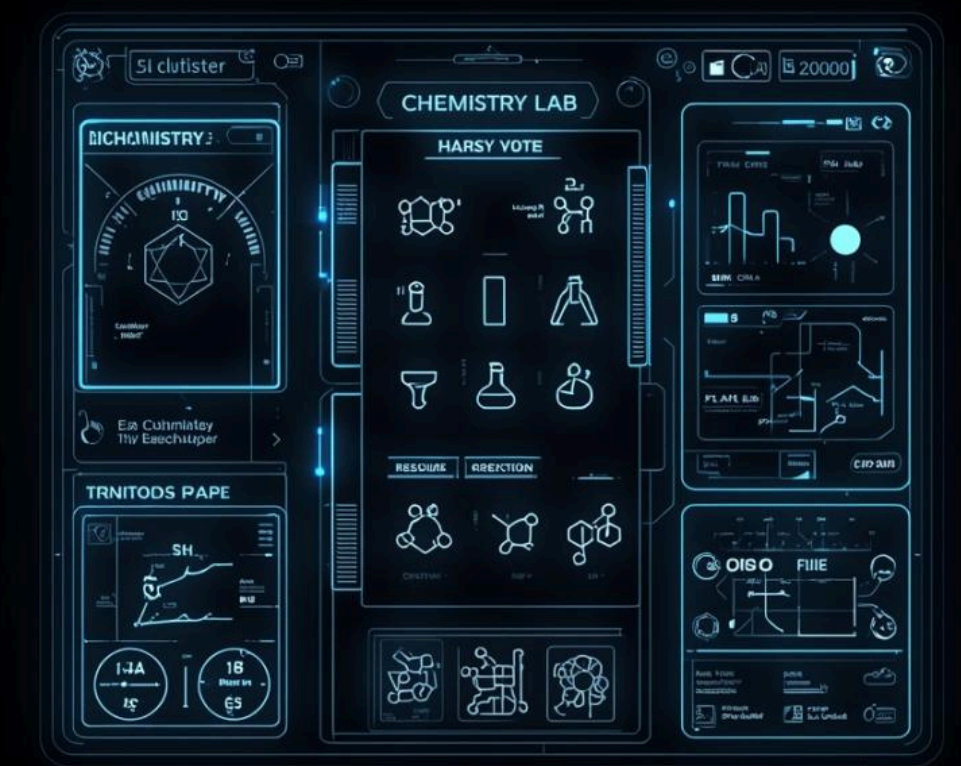

Our Solution

VIRTUAL LAB

Chemora provides a **fully interactive** digital laboratory where students conduct experiments safely without physical infrastructure limitations.

It is the perfect solution for schools to let students experiment and create their own reports & parameters

How to Use It

SELECT ELEMENTS

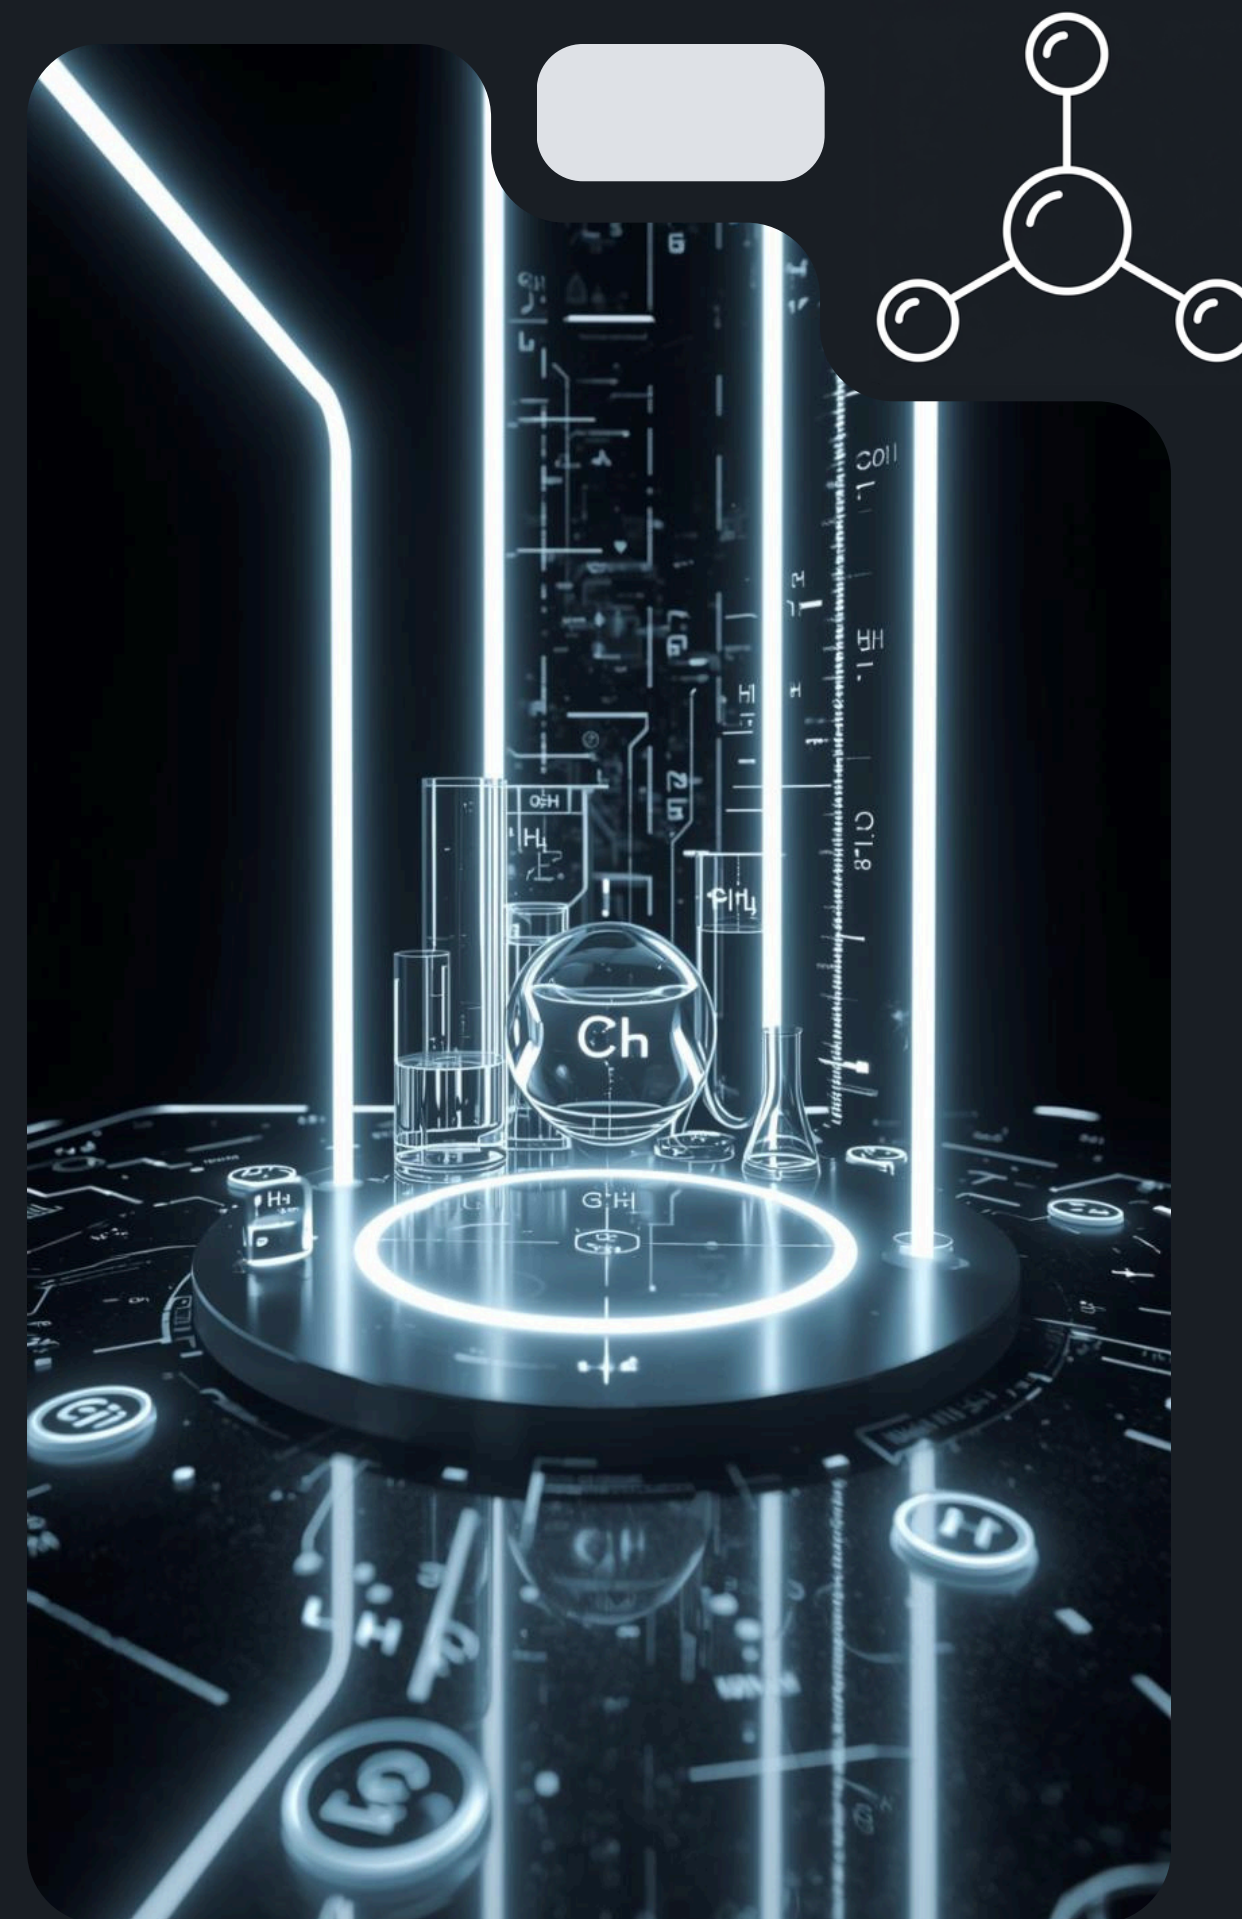

Choose elements directly from an interactive periodic table integrated within the platform interface.

SELECT FROM A RANGE OF APPARATUSES

Select any apparatus and choose and place them in our Fusion Desk

SET THE PARAMETERS

Set the temperature, quantity and pressure as you want and wait for the magic to happen!!!

Features

ANIMATIONS

Gives the students interactive and fun way of experimenting and learning

GRAPH AND REPORT GENERATION

Generate a full submission ready experiment report pdf and temperature graph in excel

DON'T KNOW HOW DO IT??

Use the Demo feature to explore more and follow the steps to get your results

The Team

FOUNDERS

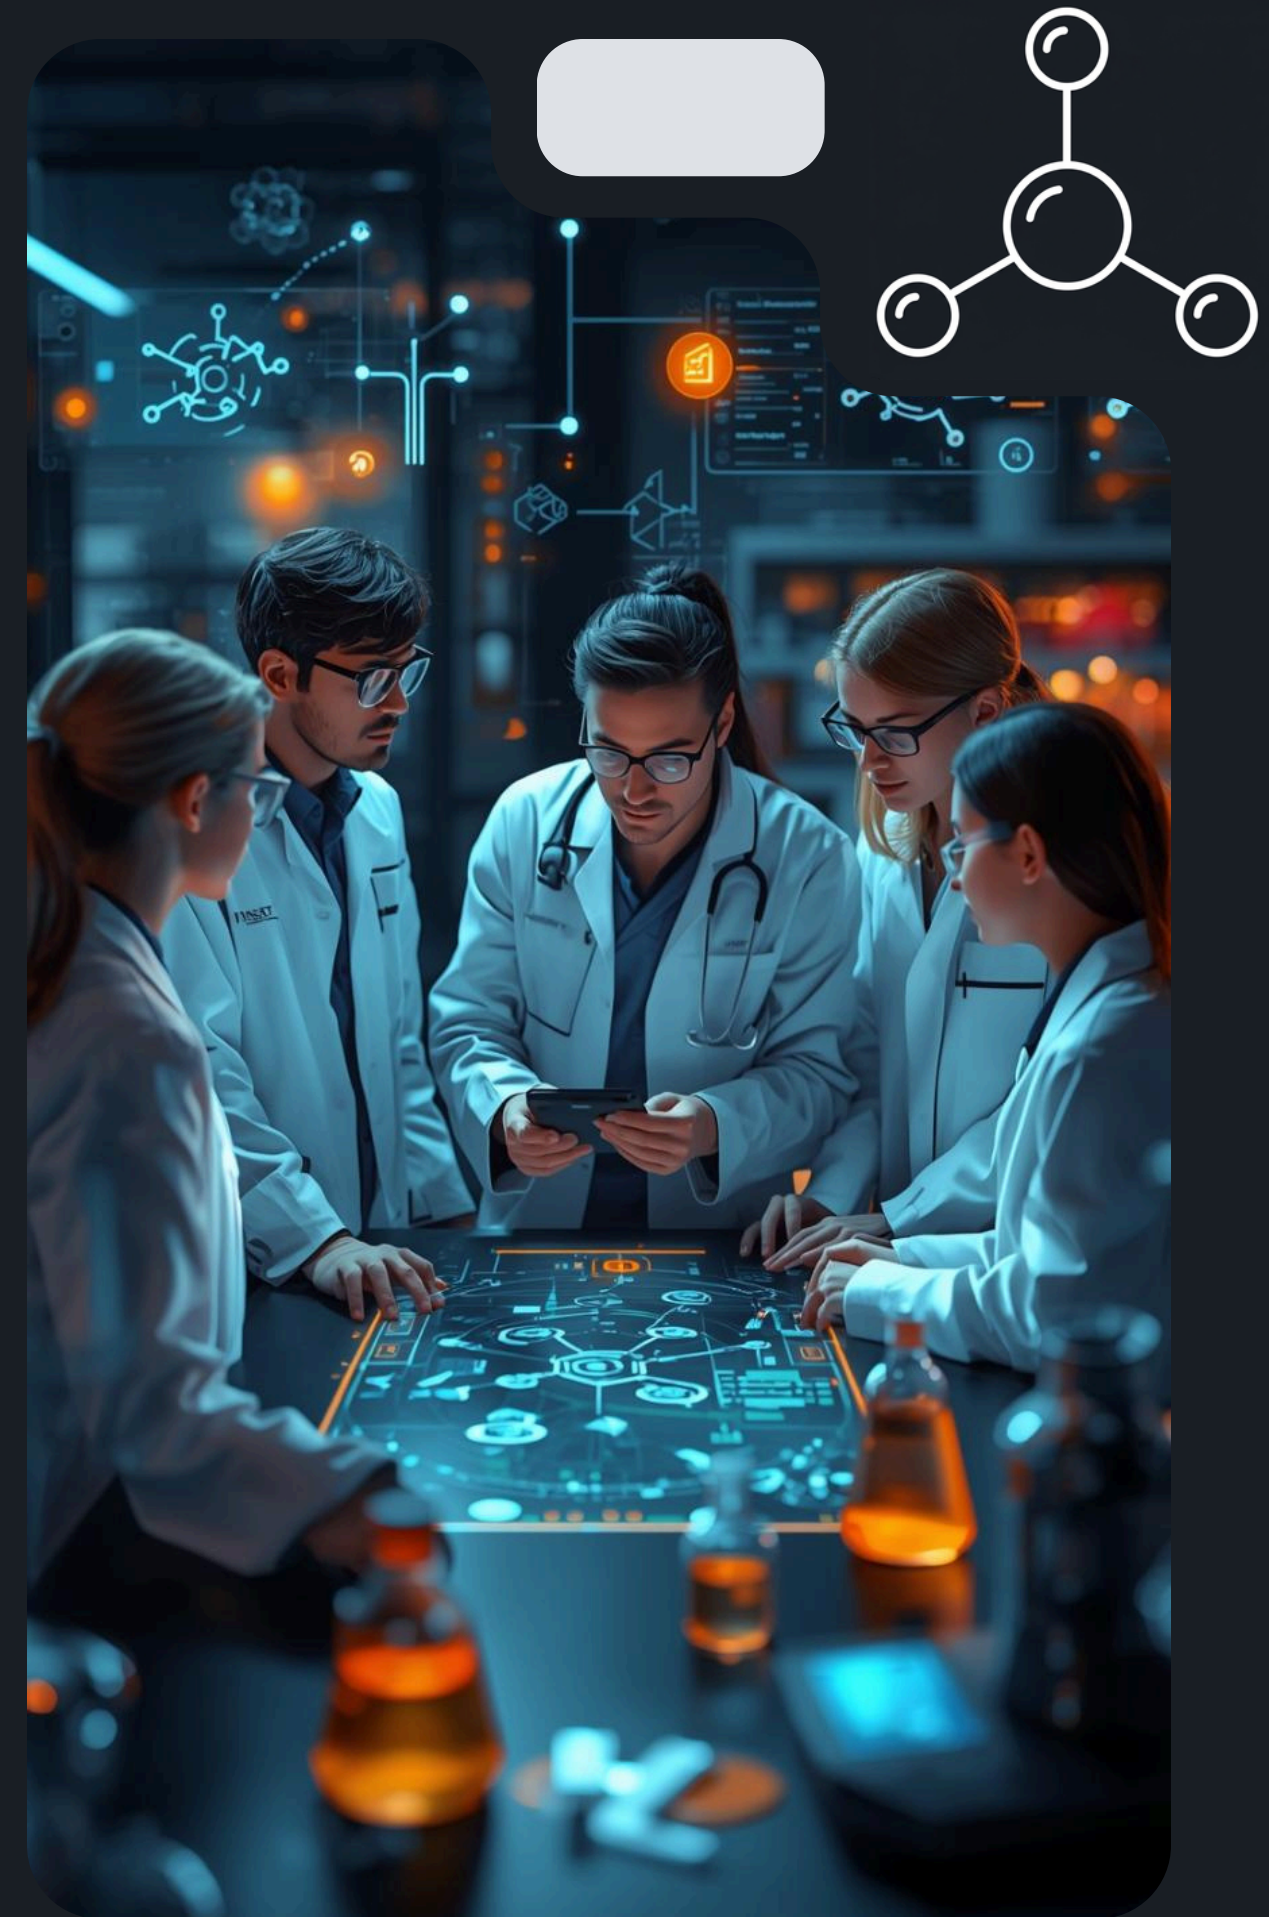

Aarav.M combines expertise in software development and research.

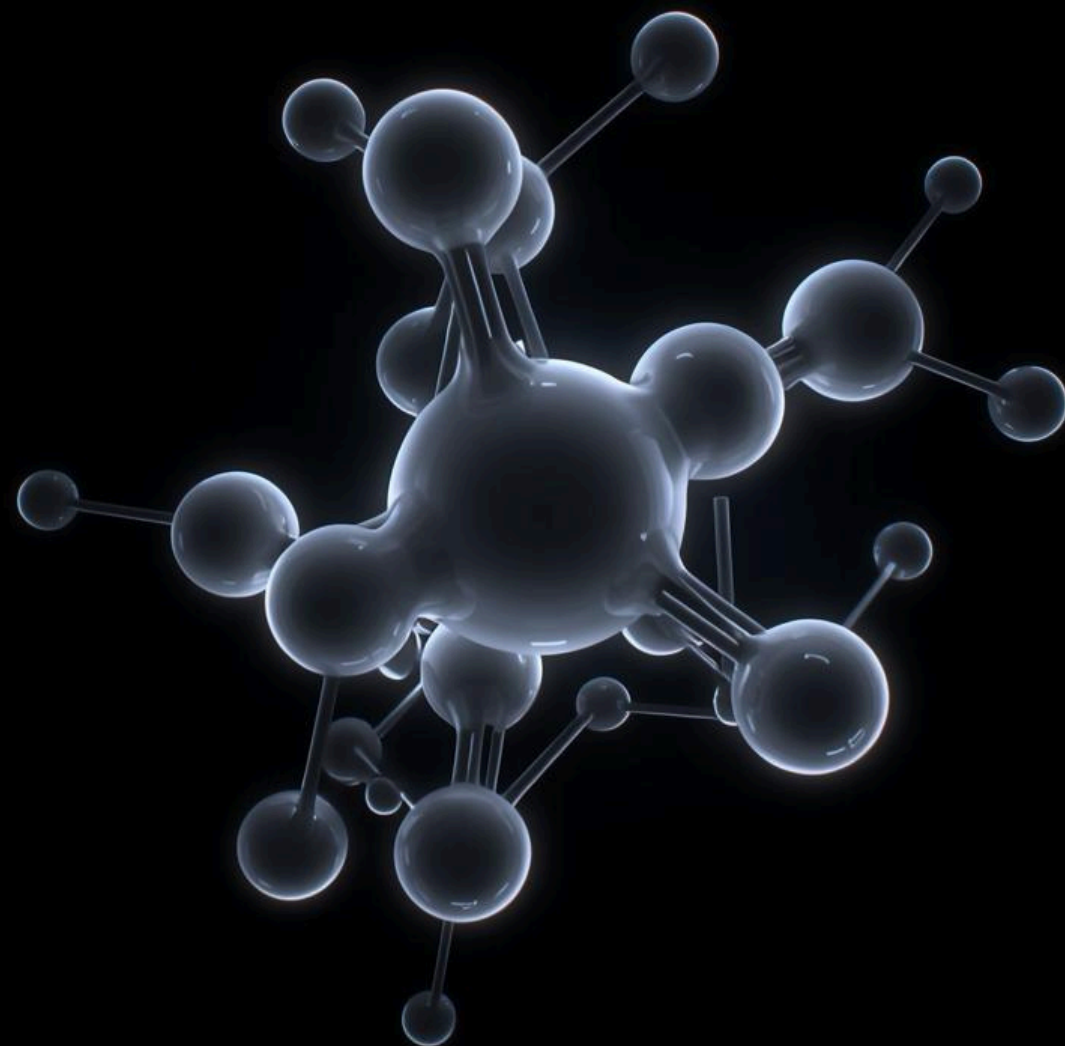

CO-FOUNDER

Aavyaan.J brings innovative solutions to scientific challenges.

MENTORS

Our mentors guide the journey with invaluable insights.

Thank You
